

Embedding a YouTube Video

This tutorial will show you how to embed a YouTube video into a webpage for use in a Desire2Learn course.

Once you are in your course click on the  **Content** link

You'll be taken to the Manage Content area.

Here we can either create a New Module to house our video or if we already have a module created, we could just create a New Topic.

Creating a New Module

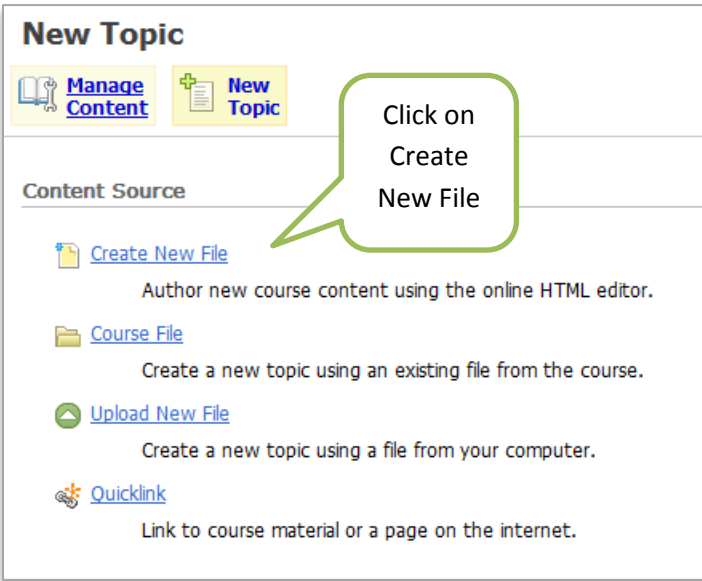

Click on 

Creating a New Topic

Click on 

You'll be taken to the New Topic area.

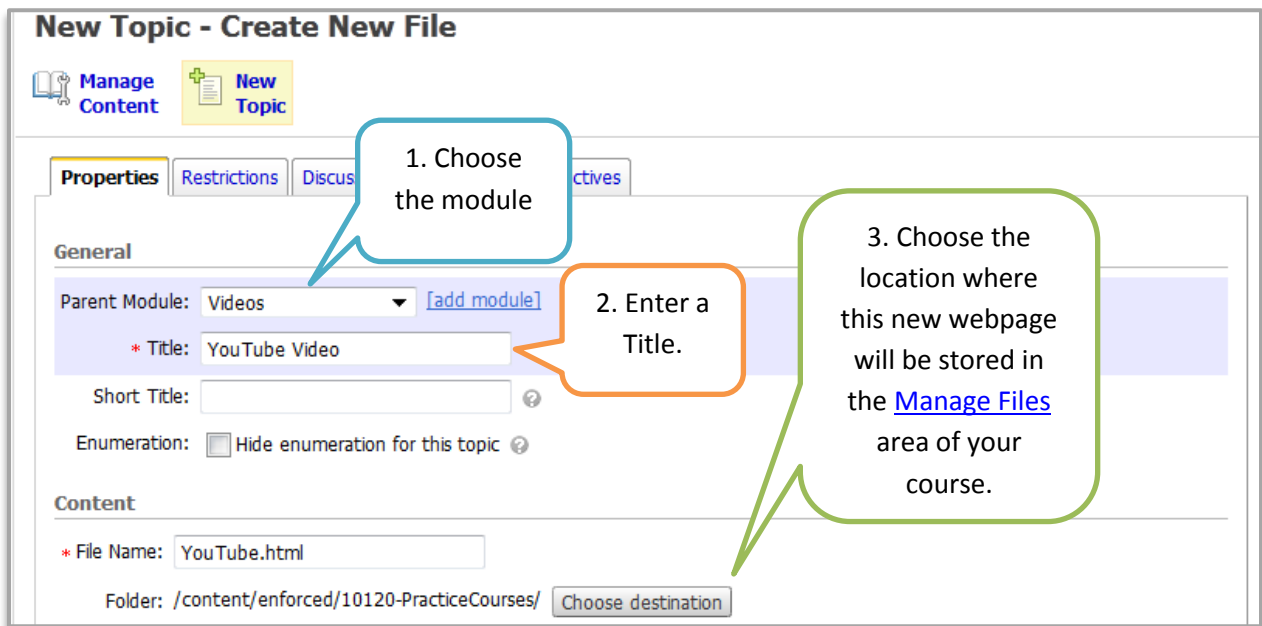

New Topic

[Manage Content](#) [New Topic](#)

Content Source

- [Create New File](#)
Author new course content using the online HTML editor.
- [Course File](#)
Create a new topic using an existing file from the course.
- [Upload New File](#)
Create a new topic using a file from your computer.
- [Quicklink](#)
Link to course material or a page on the internet.

Under New Topic – Create New File you will:

New Topic - Create New File

[Manage Content](#) [New Topic](#)

Properties **Restrictions** **Discussion**

General

Parent Module: Videos [\[add module\]](#)

* Title: YouTube Video

Short Title:

Enumeration: Hide enumeration for this topic

Content

* File Name: YouTube.html

Folder: /content/enforced/10120-PracticeCourses/ [Choose destination](#)

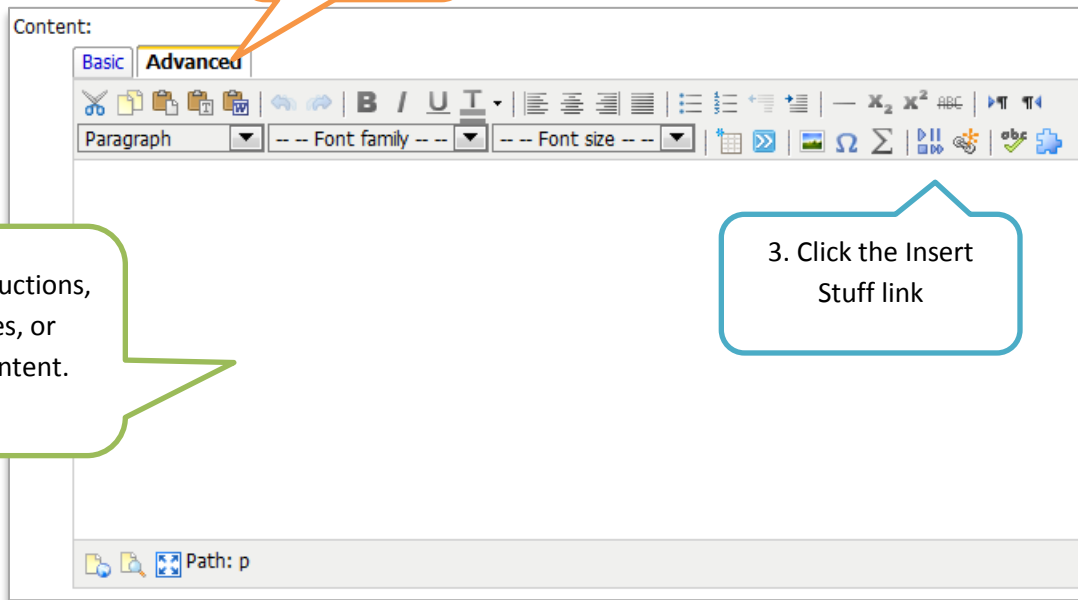

1. Choose the module
2. Enter a Title.
3. Choose the location where this new webpage will be stored in the [Manage Files](#) area of your course.

Next we will do:

1. Click the Advanced Tab.

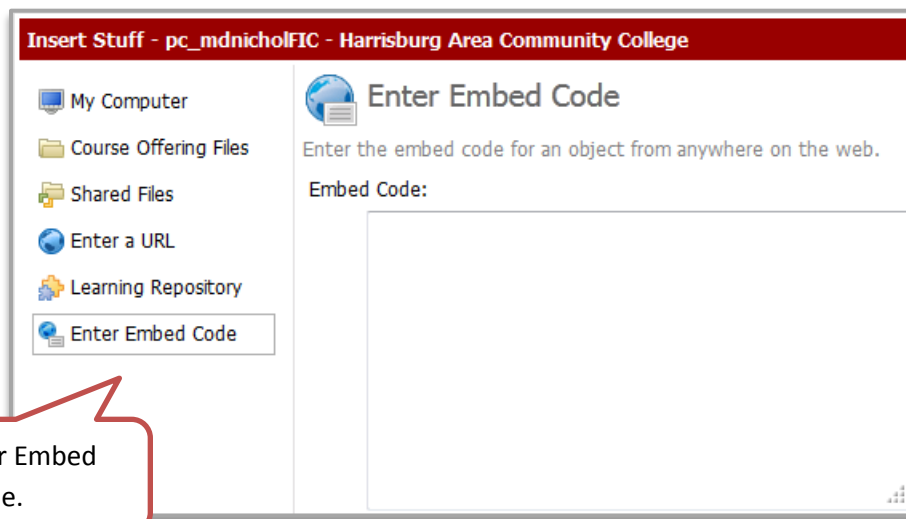

2. Add instructions, objectives, or course content.

3. Click the Insert Stuff link

Next we will click on **Enter Embed Code**.

Click Enter Embed Code.

Now go to YouTube (<http://www.youtube.com>) and find the video you'd like to embed.

The screenshot shows a YouTube video player for the video "2012 State Of The Union Address: Enhanced Version" by the channel "whitehouse". The video is at 0:00:06 of a 1:05:14 duration. The video player has a red callout bubble pointing to the "Share" button with the text "1. Click Share". Below the video player, there are buttons for "Like", "Add to", "Share", "Print", and "Embed". A green callout bubble points to the "Embed" button with the text "2. Select Embed". Below the "Embed" button, there are options for "Embed" and "Email", and social media sharing icons for Facebook, Twitter, and Google+. A blue callout bubble points to the "Embed" button with the text "3. Choose video dimensions". Below the social media icons, there is a text area containing the HTML embed code:

```
<iframe width="640" height="360" src="http://www.youtube.com/embed/Zgfi7wnGZ1E" frameborder="0" allowfullscreen></iframe>
```

 An orange callout bubble points to this code with the text "4. Copy HTML Code". Below the code, there is a note: "After making your selection, copy and paste the embed code above. The code changes based on your selection." Below the note, there are four checkboxes: "Show suggested videos when the video finishes" (checked), "Use HTTPS [?]", "Enable privacy-enhanced mode [?]", and "Use old embed code [?]. A blue callout bubble points to these checkboxes with the text "3. Choose video dimensions". Below the checkboxes, there are four preset video dimensions: "560 x 315", "640 x 360" (selected), "853 x 480", and "1280 x 720". To the right of these dimensions is a "Custom" option with input fields for "Width: 640 px" and "Height: 355 px". At the bottom right, there is a "Watch with your friends. Start a Google+ Hangout" button.

Switch back to your Desire2Learn course and paste the embed code. Click .

Enter Embed Code

Enter the embed code for an object from anywhere on the web.

Embed Code:

```
<iframe width="640" height="360"
src="http://www.youtube.com/embed/Zgfi7wnGZIE"
frameborder="0" allowfullscreen></iframe>
```

Paste code here.

D2L should take you to a preview window. However you might get an error message stating that the content has been blocked. Click the checkbox to always allow this video to display. The video should now be visible. Click  and .
